

# RC CONCRETE CRUSHER

POWERFUL AND PROFITABLE

## PRODUCTIVE AND QUIET

The Rockland RC Concrete Crusher is the tool every demolition contractor wishes he had ten years ago! The RC Crusher quickly reduces massive concrete slabs and chunks to aggregate for reclamation and resale. The RC is equipped with rugged rebar cutters to speed the crushing and sorting process. Rebar is now a valuable by-product instead of a problem. RC Concrete Crushers will turn your excavator into an efficient reclamation machine.

The RC is built entirely of high-strength, heat-treated alloy steels—steels that ideally suit the operation. The crushing jaw pivots on massive bearings and has a sealed, heat-treated pivot pin for years of dependable service. Mounting the RC crusher is a cinch—the RC uses standard bucket pins and the excavator's curl cylinder operates the RC's crushing jaw. Drop the bucket, install the two standard factory pins, and you're profitably crushing concrete.

It's a simple, undeniable fact that RC Concrete Crushers cost less and out-produce hammers. They are quiet and easy on your excavator. If you have concrete to crush, specify a Rockland RC Concrete Crusher. You will be very glad you did.

# RC CONCRETE CRUSHER—TOUGH AND DEPENDABLE

## SPECIFICATIONS

Excavator Category	A	B	C	D	E	F
Excavator Weight Class lbs	21,001 (9534) to 32,000 (14515)	32,001 (14515) to 49,000 (22246)	49,001 (22246) to 60,000 (27240)	60,001 (27240) to 78,000 (35412)	78,001 (35412) to 101,000 (45854)	101,001 (45854) to 160,000 (72640)
Jaw Opening	24" (610)	30" (762)	36" (914)	42" (1067)	48" (1219)	54" (1372)
Concrete Thickness* Max. Capacity	14" (356)	24" (610)	30" (762)	36" (914)	42" (1067)	48" (1219)
Weight lbs	1700 (771)	2600 (1179)	2850 (1293)	4000 (1814)	5500 (2495)	8500 (3856)

Makes Compact  
Bundles**

### MOUNTING INFORMATION

The RC Crusher comes complete, ready to mount on the standard excavator stick. Mounting pins, any special links required, a rear strut, and a strut mounting bracket that must be welded to the underside of the stick are supplied with every crusher.

### WARRANTY

All RC Concrete Crushers are guaranteed against failure due to defective design, workmanship or materials for a period of one year or 2,000 hours.
