

HAVE YOU BEEN LET DOWN LATELY?

CHOOSE CAREFULLY... Your allied equipment supplier is an important part of your sales effort! Choosing the best supplier is as easy as 1,2,3...

1. ON-TIME SHIPMENT - We ship 99.9% of all orders on time or ahead of schedule and have done so for many years. No one else offers guaranteed delivery dates. No one else offers \$333.00 if they ship late. Why deal with suppliers that can't meet their commitment?

2. PRODUCT QUALITY - Rockland product quality is second to none. The minute you see the paint job and the welds, you know you are dealing with a manufacturer instead of a blacksmith shop. Rockland products are carefully manufactured to OEM specs to guarantee easy installation.

3. WARRANTY- SECOND TO NONE - Compare warranties and you will quickly see that Rockland warranties are much better than others. We use common sense, plain language instead of mealy mouth legalese. We have more than fifty years experience, and we know what it takes to satisfy contractors and equipment distributors. For example, if something goes wrong, we pay the freight both ways simply because it is the fair thing to do. Our warranties are written for the sole purpose of standing behind our products and pleasing your customers.

SUCCESSFUL DEALERS survive by selling quality products and delivering top-notch customer service. When you put Rockland equipment in the hands of your customers, the relationship is enhanced, not put at risk.
