

WARRANTY VALIDATION – MUST BE RETURNED TO ROCKLAND WITHIN 10 DAYS

This certifies that the dealer educated the owner or his representative in the safe operation of the Rockland product and the machine below, that the Rockland product has been properly mounted on the machine in accordance with the instructions provided by both Rockland and the manufacturer of the machine, and that the Rockland product has been cycled through all operating positions to make certain that there is no interference whatsoever between any part of the machine and the Rockland product that could cause damage to the machine or any person. There are no warranties, express or implied, other than those set forth in the Owner's Information booklet. Signature certifies that the above conditions are satisfactory.
