

# Snow Pusher

## Move more per pass!

### Maximize your loaders ability to move snow!

The Rockland Snow Pusher is an effective way to move more snow. The pusher can easily install onto an existing bucket or can be ordered for pin on or coupler applications. Our lightweight high strength alloy plate design allows you to push more snow per pass.

Our Snow Pusher can be equipped with steel or rubber edges. The pusher features replaceable bolt on skid shoes for trouble free service.

Rockland Snow Pushers help you get the most out of your machine when winter strikes.
